Forest Products Development Center
Auburn University
520 Devall Dr. Auburn, AL 36832-5888
brianvia@auburn.edu

Conference Date: October 30 –
November 1, 2023

Open Window for Submission:
Today through February 2, 2024

Submit manuscript at:

<https://meridian.allenpress.com/fpj>

Special instructions: Submit like a regular paper using instructions for authors; however, instead of selecting Original Article, select 'PTF BPI Special Issue' as the article type.

Message from the Editors

Dear Colleagues,

We would like to announce our special issue in the Forest Products Journal which coincides with the PTF BPI Conference. This special issue will cover these key areas of chemical technologies, wood materials and adhesives, data science and artificial intelligence (AI), structural wood materials, product innovation, value-added products, and industry trends. Someone can submit a journal-quality manuscript based on their presentation at the conference or complementary work. These manuscripts can be submitted between now and 3 months past the date of the conference. If you are interested in submitting an early paper, feel free to follow the special instructions below or email the editors. We look forward to working with you.
